

Jakson Infra Bags Landmark Power Distribution Project in Angola

- Value of the project: US\$ 62.22 million
- Project funded by the World Bank

New Delhi, April 29, 2026 – Jakson Infra, a leading infrastructure EPC company has bagged a landmark Power distribution project from the Ministry of Energy & Water, Angola, under the World Bank-supported Electricity Sector Improvement and Access Project (ESIAP). The value of the project is US\$ 62.22 million.

The contract covers the design, supply, installation and commissioning for the rehabilitation of distribution networks in Luanda City, aimed at improving electricity reliability and access across the Angolan capital.

Speaking on the development, **Raghav Gupta, Managing Director, Jakson Infra**, said: *“We are deeply honored by the trust placed in Jakson Infra by the Ministry of Energy & Water, Angola, and the World Bank. This win reinforces our capabilities in delivering complex, large-scale power infrastructure projects and strengthens our position as a trusted partner for multilateral-funded initiatives globally.”*

The project involves end-to-end execution, including engineering, procurement, installation and commissioning of distribution network systems, and is part of Angola’s broader efforts to expand electricity access and modernise its energy infrastructure.

With this win, Jakson Infra continues to strengthen its international footprint, particularly in Africa, while reinforcing its position in the power transmission and distribution segment.

About Jakson Infra
