

Jakson Infra Wins ₹128.21 Crore Transmission Project in Karnataka

- 400 kV transmission line project awarded by Resonia Limited
- Route length covers 90.07 Km

New Delhi, 11th August 2026: Jakson Infra, a leading infrastructure EPC company has secured a contract worth **₹128.21 crore** from **Resonia Limited** for the supply and construction of the **400 kV Jagalur–Kadakola Double Circuit Transmission Line (Middle Section)** in Karnataka. The awarded stretch covering a route length of approximately **90.07 km**.

The project forms part of a larger transmission scheme involving the establishment of a **400 kV substation** at **Hampapura** and associated transmission lines in Mandya district, awarded to **Resonia Limited** by **REC Power Development and Consultancy Limited (RECPDCL)** through the **Tariff-Based Competitive Bidding (TBCB)** process.

As part of the contract, Jakson Infra will execute the engineering, procurement, supply, construction, testing, and commissioning of the designated transmission line section. Once completed, the project will enhance Karnataka's transmission capacity, improve grid reliability, and support the state's growing energy demand.

Commenting on the development, **Jakson Infra spokesperson**, said: *"We are pleased to partner with Resonia Limited on this important transmission project in Karnataka. This award reflects the confidence in Jakson Infra's execution capabilities, and we remain committed to delivering reliable, high-quality infrastructure that supports India's growing power needs."*

This order further reinforces Jakson Infra's position as a trusted EPC partner in India's power transmission sector and reflects its growing role in developing resilient energy infrastructure.

About Jakson Infra

Jakson Infra is a leading infrastructure EPC company delivering turnkey solutions across power transmission and distribution, metro electrification, water, and civil infrastructure. With a strong focus on quality, innovation, and sustainability, the company has established itself as a reliable partner for executing complex infrastructure projects in India and across international markets.
